

PRESS RELEASE

DELAYED DELIVERY DUE TO COVID-19 PANDEMIC.

Since November 2019 we are taking preorders for Swimtraxx One. Back then we promised that the estimated shipping date would be April 2020. Due to the worldwide CoViD-19 pandemic and the closure of our testing and production facilities we are now forced to set back the date of shipping. As our facilities are relaunching step by step, we hope to inform you very soon about this new date.

In the meanwhile we can only advise our customers to stay at home, wash their hands, keep distance from one another, and follow the local government's instructions carefully. Only together we can ensure a future full of joy, friendship and sports!
